Mobile Assembly: Must be assembled and operated by an Adult.  
Suggested Use: Birth - 5 months.

\*\*\*\*\*

- 1-Insert upright extension(B) to Crib Base Plate and attachment Wheel (A)
- 2-Insert Top Curved Upright Arm(C) to upright extension(B)
- 3-Attach the crib base attachment wheel securely to the crib railing.
  - Pass threaded rod through bars to the outside of crib.
  - Rest lip of crib base on top of crib railing; position plate against crib bars.
  - Tighten attachment wheel firmly in place.
- 4-Attach the hole at the top of the Music Box to the Hook on the Curved upright arm. this will be a tight fit so the music box will not accidentally fall into the crib.
- 5-attach the 2 crossbar pieces to each other (E) and (F)
- 6-attach the hole on top of the crossbars to the hook on the bottom of the Music Box, this will be a tight fit so the music box will not accidentally fall into the crib.
- 7-attach the 4 Geometric black, white and red cloth shapes(G) with strings to the holes in the crossbars knotting each twice.
- 8-Slide infant stimulation graphic cards (H) into vinyl pockets facing baby. Simpler cards at first. Baby will enjoy the Mobile more, if you change the cards occasionally. By 2 months, you may like to replace the simple graphics to more complex cards. i.e. expressive bay graphics.  
Note: Family pictures may be added.
- 9-Please do not over wind music box mechanism.

\*\*\*\*\* CAUTION \*\*\*\*\*

Possible entanglement injury. Keep out of baby's reach. REMOVE mobile from crib or playpen when baby begins to push up on hands and knees.
