### BALL EAGLE CLOCK 8230

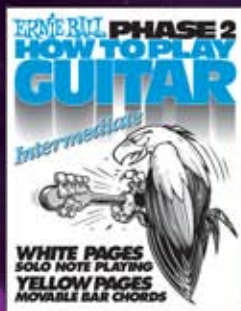

# BOOKS AND PEDALS

For kids or adults, individual, group or self-teaching. Yellow pages cover chord strumming. White pages instruct note sight reading and tablature. All staves are numbered for group coordination. Speed developers give hand dexterity.

7001

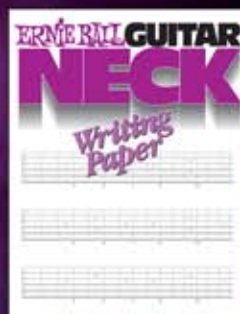

Yellow pages progress to movable bar chords and white pages pursue mid-level sight reading with intermediate timing situations. New speed developers continue to build confidence. Adults and kids, group or private lessons.

7002

Slick new beginner chord system uses "Initial Moves" to quickly teach efficient changes. Speed developers give early dexterity and strength. Special theory supplements, creative approach to the F chord, the blues, capo use.

7010

48 pages of 15-fret horizontal guitar necks printed in red for contrast to written notations. Write out chord progressions, intros, runs, endings, scales, exercises, licks. Great teaching aid! Good for pro or hobbyist.

7020

48 full size staff pages printed on high quality paper with plenty of space between staves for guitar arranging, chord symbols, or vocal lines. Perfect for songwriters, professional musicians, teachers, and students.

7019

48 full size pages of 6 line guitar tablature, printed on high quality paper. Plenty of space between tab staves for chord symbols. Lower lines are heavier to emphasize wound strings. Great for students or professional musicians.

7021

48 full size pages of 4 line bass tablature, printed on high quality paper. Plenty of space between tab staves for chord symbols. Lower lines are heavier to emphasize heavier strings. Great for students or professional musicians.

7022

## ERNE BALL Pedals
