- Whisper quiet lift system
- Easy to operate caster system
- 3" deluxe wrap foam system
- Durable precision cut steel base
- 9" on center dual-end accessory ports
- ADA compliant

Thera-P-3007

The Classic Series Hands Free Basic Electric Table allows therapists to easily control the height of the table with the hands-free dual foot bar control that is built-in along both bottom sides of the table. The easy-to-use dual foot bar control raises the table as you gently push down on it with your foot and lowers as you lift up on the foot bar control. Because of the table's design and functionality, therapists can move freely around the table without losing contact with their client. The durable, precision cut steel construction is complete with a whisper quiet lift system and easy-to-operate caster system to make moving the table a breeze. The table includes our standard upholstery with 3" foam system as well as a dual action face rest and pillow.
