</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>16</td>
<td>Machine Screw</td>
</tr>
<tr>
<td></td>
<td></td>
<td>Double-Sided Tape</td>
</tr>
</tbody>
</table>

**Tools Needed:**
- Phillips Screwdriver or Power Screwdriver
- 2 people

**Freestanding Desk/Table**

1.) Set Table Top upside down on carpeted surface or on cardboard box for protection during assembly.

2.) Attach Angled Legs with Machine Screws provided, 4 per Leg. If assembling an L-Desk or 2-Person Shared Desk, only two Legs are included. If assembling a U-Desk, 3 Legs are included. 4 Legs are included with the Freestanding Desk/Table.

   If assembling an L-Shaped Desk, U-Shaped Desk or 2-Person Shared Desk, skip Steps 3 & 4 and go directly to Step 5.

3.) With a helper, carefully turn the table upright. DO NOT DRAG TABLE! Lift table with a helper to put in position.

4.) Table can be leveled with built-in leveling glides on legs, if needed.

Customer Service available 8:30 - 5:00 Central Time, Monday - Friday
Follow the steps below once the workstation shell has been assembled and is in position:

5.) See the diagrams below to guide you on how to place your Desk Top on your workstation.

6.) Placement:

For L-Desks and 2-Person Workstations, Set the open end of the Desk Top on the Workstation Shell and determine how far out you would like desk to extend outward. This can extend a total of 75” to 90” from the back of the Workstation Shell. Use two people for positioning of top.

For U-Desks, rest the open corner of the Desk Top upon the Workstation Shell. This can be positioned as desired, but for an even appearance the outer edge of the Desk Top should align with the back edge of the Workstation Shell. Then, carefully position so the Desk Top is parallel to the rear return section of the U-Shaped Workstation. Use two people for positioning of top.

7.) Adjust the leveling glides so that the Desk Top sits completely flat on the adjoining desks.

8.) Once you have determined your ideal position, using the 2-sided foam adhesive provided, attach two full length strips of tape to the Workstation Shell surface. Press Desk Top down and within approximately 24 hours this will form a permanent bond.

Questions? Please call 1-800-443-5117.

Desk/Credenza Shell Assembly Instructions

Applies to:

List of Hardware:

<table>
<thead>
<tr>
<th>Part</th>
<th>Part</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wood Dowel</td>
<td>Cap</td>
</tr>
<tr>
<td>Cam Pin</td>
<td>Leveling Glide</td>
</tr>
<tr>
<td>Cam Lock</td>
<td>Grommet</td>
</tr>
</tbody>
</table>

Tools Needed:
- Phillips Screwdriver
- A helper!

1.) Assemble on carpet or cardboard to protect parts during assembly. Assembly will require 2 people for safety.

2.) Locate left & right side panels. Screw in the leveling glides by hand. Then, insert wood dowels & cam pins. The wood dowels fit into the slightly larger holes, compared to the cam pin holes.

3.) Locate front panel and insert all cam locks on the left & right sides. Then, align one of the side panels and connect the panel by inserting the cam pins into the cam locks and the dowels into the corresponding holes. (see diagram on next page). Twist the cam locks with a Phillips Screwdriver to secure.

4.) Next, insert all cam pins, dowels and cam locks on the top edges of the side panels and front panels. Locate the desktop and with a helper, carefully set the desktop on top of the assembly shown above. Twist cam locks to secure the connection.

5.) Your last step is to insert the grommet(s) provided into the desktop. Cover the cam locks with the caps provided.

2, 3 & 4 Drawer Lateral File Assembly Instructions

Applies towards:
BK/FL/MJ/ML/WH2012
WH2012A
LF3622-MWAL
LF3622-WH
WH2012A-3DLF
FL/MJ/ML/WH2012B

List of Hardware:

<table>
<thead>
<tr>
<th>Part</th>
<th>Part</th>
</tr>
</thead>
<tbody>
<tr>
<td>Drawer Pull Screw</td>
<td>Drawer Pull</td>
</tr>
<tr>
<td>2 per drawer pull</td>
<td>1 per drawer</td>
</tr>
<tr>
<td>1 set of keys</td>
<td>4 Leveling Glides</td>
</tr>
</tbody>
</table>

1.) Install 4 leveling glides. Keep the front two leveling glides 1/4” taller than the back back two, which means your file will be slightly tilted back. This is the proper way to level a lateral file cabinet. It keeps any unlocked file drawers from creeping open and distributes the weight more evenly.

2.) Use the screws to attach drawer pulls.

White Storage Cube Assembly Instructions

APPLIES TO:
WH2040

List of Hardware:

<table>
<thead>
<tr>
<th>Tools Needed:</th>
<th>Phillips Screwdriver</th>
</tr>
</thead>
</table>

**List of Hardware:**

1. Screw in & insert all cam pins, cam locks and wood dowels in both Side Panels, Shelves, Top Surface & Bottom Panel.

2. Start with assembling this unit on its side by selecting one of the two Side Panels. Connect the Back Panel first. Use your screwdriver to twist the cam locks to secure the connection like in Figure 1.

3. Next, attach both Fixed Shelves to the Side Panel and Back Panel.

4. Then, attach the other Side Panel.

5. Attach Top Surface and Bottom Panel

6. Use the white stickers to cover the cam locks.

Special Note:
Location & number of cam pin, cam lock and dowel holes may vary.

**66”W & 71”W White Risers Assembly Instructions**

**Applies to:**
WH2090, WH2095

**List of Hardware:**

<table>
<thead>
<tr>
<th>Part</th>
<th>Part</th>
</tr>
</thead>
<tbody>
<tr>
<td>Wood Dowel</td>
<td>Cover</td>
</tr>
<tr>
<td>Cam Pin</td>
<td>Cam Lock</td>
</tr>
</tbody>
</table>

**Tools Needed:**
- Phillips Screwdriver
- A helper!

**Special Note:**
Location & number of cam pin, cam lock and dowel holes may vary.

1.) Assemble on carpet or cardboard to protect parts during assembly.

2.) First attach the Front Panel to one of the Side Panels using the cam lock/pin hardware provided. **DO NOT FULLY TIGHTEN THE CONNECTION!** Leave yourself wiggle room for the coming steps.

3.) Repeat process for the other Side Panel.

4.) Next, insert any/all wooden dowels, cam locks and pins into the Front Panel and Side Panels to connect the CounterTop. Set Countertop on top of the assembly, over the pins & dowels.

5.) Once all parts are connected, tighten down all of the cam locks.

6.) With a helper, carefully lift the assembled Riser onto your desk. Remove the backing of the double sided tape at the bottom of the Side Panels and carefully place the riser down. After 24 hours, the tape will have a firm hold and the riser cannot be removed or budged.

7.) Cover any cam locks with white cam lock cover stickers.
