

# RETURNING LIGHTS

DOESN'T HAVE TO BE  
A SCARY EXPERIENCE!

1

Place your light in its original box with original packing materials, and ship via UPS or FedEx with insurance, or USPS with Delivery Confirmation and insurance.

2

Be sure the return label contains your full name as used on the order. Also, put your Order Number in the reference section of the label, and return the fixture to:

**LIGHTING AND LOCKS**  
**1602 EAST 32ND ST.**  
**JOPLIN, MO**  
**64804**

Save the tracking number provided by the shipping service!

3

Returns will be processed within one business day of receipt, and, depending on your credit card company, post to your account within two to three business days.
