The Ax Sawzall® blades have been engineered to deliver the fastest cuts, longest life, greatest tooth durability and quickest plunge cuts of any wood demolition blade on the market.

Includes

(5) 12" 5 TPI The Ax™ Sawzall® Blades

FEATURES

NAIL GUARD™. Ordinary teeth deliver either speed or durability. NAIL GUARD™ solves this trade-off with an aggressive 5 TPI pattern for faster cuts and a unique design that protects against tooth fracture.

FANG TIP™. Ordinary tips bounce or skate on the work piece. FANG TIP™ bites into the wood on first contact.

A thicker, more rigid blade body resists fracturing and bending for maximum durability.

The 1" tall blade body reduces blade twisting for straighter, more accurate cuts.

Matrix II bi-metal teeth for greater durability.
