The Torch delivers exceptional durability and straighter cuts in pipe, conduit, strut and other metal materials.

Includes

(5) 6" 10 TPI The Torch™ Sawzall® Blades

FEATURES

A unique combination of relief angles forms a radius on the back of the tooth that reduces stress build-up during cutting and substantially extends blade life.

A precise manufacturing process creates a sharper cutting edge on each tooth for a faster cutting blade.

A thicker, more rigid blade body resists fracturing and bending for maximum durability.

The 1" tall blade body reduces blade twisting for straighter, more accurate cuts.

Matrix II bi-metal teeth for greater durability.

SPECIFICATIONS

Blade Dimension	6"x1"x.042"
