

PEDIAKID Appetite - Calories

Stimulates Appetite - Improves Weight Gain – Boosts Energy & Calories

Ingredients	Benefits
Nectar of Agave	Exclusive to INELDEA laboratories, and 100 % organic, Nectar of Agave is especially recommended for children, since it consists of unrefined natural sugar with low glycemic index and is non-cariogenic. Agave is a botanical succulent plant that produces a nectar rich in mineral salts with exceptional nutritional qualities. Its sweetening power is superior to any other sugars, yet with fewer calories.
Fructo-oligosaccharides (FOS)	A compound synergized with pre-biotic fibres of Inulin and Oligofructose that have a Bifidogenic effect, favorable to rebalancing the good intestinal flora (Bifidobacteria), thus contributing to a better assimilation of the essential ingredients present in the composition of PEDIAKID, as well as those nutrients contained in food (vitamins, minerals, trace elements...). This exclusive compound is the result of the latest research on organic fibres concerning health issues. It makes possible with a notable increase and a significant degree in the absorption and retention of calcium from food intake.
Natural extracts of plants, vitamins and minerals:	
Fenugreek	Fenugreek is widely used by nursing mothers to increase milk supply and other medicinal properties. While Endive is a rich source of fiber, vitamins and minerals, In synergy, they are natural plants traditionally known to improve appetite and support weight gain.
Endive	
Spirulina	Spirulina marine algae is a complete source of protein containing all essential amino acids with Vitamins B complex, C, D and E, and essential fatty acids. Spirulina is also rich in natural minerals of potassium, calcium, chromium, copper, iron, magnesium, manganese, phosphorus, selenium, sodium, and zinc making it an excellent source of quality nutrition and an invaluable ally of good health.
Turmeric	With many medicinal properties and used as a dietary supplement, Turmeric helps with the stomach problems and other digestive ailments. It also stimulates the appetite, and it is a very good metabolic energizer.
Ginger	Tonic and disinfectant: its consumption can be an invaluable aid in case of upset stomach linked particularly to digestive problems.
Watercress	Remineralizing and stimulating agent, Watercress contains a large amount of Vitamins A and C, iron, calcium and folic acid. Watercress is a good source of phytochemicals and antioxidants and is used mainly for its "tonic" properties and to strengthen the general immunity of the organism.
