FOR TALLS ONLY

Ladies': Order a "Tall" if your height is 5'8" or above.

Ladies' & Girls': A "Tall" dress is 1" longer in the bodice; the skirt is 2" longer than standard length.

(Empire waist Talls have 3" added to the skirt only.)

Delivered unhemmed.

SIZING TIPS

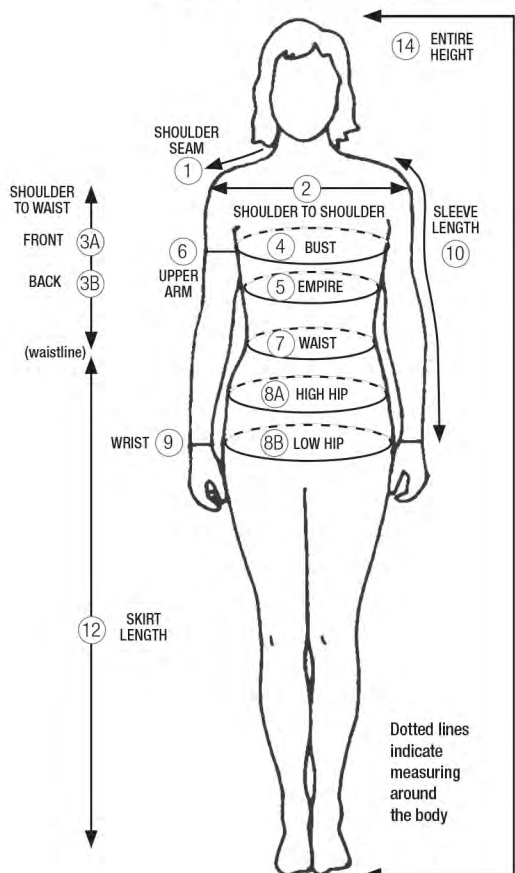

- After making your garment selection, refer to Ladies and Girls' Measuring Instructions on Page C10 on how to determine bust, waist, and hip measurements (measure over very lightweight clothing).
- Compare your measurements to those on the appropriate size chart to determine the size you need to order. **All manufacturers' size scales vary, so please, when ordering Southeastern merchandise, use our charts to determine the correct size.**

- You will notice that our dress charts have range measurements rather than exact measurements. If you fall in the bottom measurement range, alterations should be expected.
- Individuals that are in between sizes may be able to compromise to order a stock garment. The bust and waist measurements on our charts have a 1" ease, so even though the chart shows a size 10 as a maximum 38" bust the finished measurement is actually 39". If the individual is slightly above the 38" bust measurement, the size 10 bust will still fit with less excess room.

- When ordering dresses with a fuller skirt the hip measurement is not as important as when you are ordering dresses with a more fitted skirt.
- If measurements for all areas vary widely (i.e. size 4 bust, size 10 waist, size 14 hips) or if an individual needs a larger size than is offered, a special cut will be needed.
- If you need further help, contact our Phone Center Representatives at (800)239-6294. Visit www.sepapparel.com to see a How to Measure Video.
