

Square Seating Chart Template

To Use: Simply write out your guest's names in the spaces provided.

Leave the grayed out spaces in the corners blank.

The image shows a square seating chart template. In the center is a square labeled "Table No." with a horizontal line above the text. Surrounding this central square are eight rectangular seats. The four seats in the corners (top-left, top-right, bottom-left, and bottom-right) are shaded gray, while the four seats along the sides (top-left, top-right, bottom-left, and bottom-right) are white. The entire chart is enclosed in a black border.
