

UPR 15-17 Dodge Hellcat PLUG N PLAY™ Fender Mount Catch Can Instructions

*Average install time 20-25 minutes

UPR Catch Can Installation Steps:

1. Install UPR Fender Bracket in place and install it as pictured with supplied hardware
2. Unclip the battery cable between abs and fuse box covers to remove abs cover for routing hoses.
3. Next install the dirty side hose first with the two 90° fittings on PCV valve then connect to passenger side of the catch can or closest to the inner fender well.

(Route the dirty side hose above the alternator and right behind the coolant line and then run it around the windshield washer bottle and back up just below the fender mount.)
4. Now install the clean side line with straight fitting to the supercharger snout. Then connect the other end to right side of the catch can. Make sure arrow on check valve is facing away from the catch can.

(Route the clean side hose above the alternator and right behind the abs system between the fuse panel. The over to the fender mount as pictured.)
5. Now you will be ready to install the UPR Plug n Play™ Catch Can and be sure to leave the top bolts in the bracket hand tight for fine tuning the fit.
6. Once the hoses are installed and the bracket on top is tightened you will then be able to install the quick connect knob.
7. Be sure to check all connections and mounting stud. Now your PCV system is protected by the best oil separation system in the industry.
8. Check the UPR Plug n Play™ Catch Can every few hundred miles to stay on top of your engine's oil consumption
9. To check your UPR Catch Can just grab the top then twist the bottom of the can open

Install Tip - Rotate the plug n play fitting buttons for easiest access once installed.

NEVER RETURN OIL FROM THE CATCH CAN BACK INTO THE ENGINE

Nothing is easier or more straight forward than a

UPR Plug n Play™ Catch Can System!

UPR Consistently Delivers the Best Performance.
