

# Sciologex High Performance Serological Pipets

**Features**

- ❑ Bi-directional graduations are printed in bold easy-to-read black ink
- ❑ Calibrated “To Deliver” (TD) for accurate dispensing to within ±2%
- ❑ Color coded stripes and packaging enable quick volume identification
- ❑ All pipets contain a premium material filter plug
- ❑ Individually wrapped pipets are available in economical bags or shelf packs that facilitate dispensing through a perforated end panel
- ❑ Bulk packed pipets are also available in all sizes
- ❑ All serological pipets are supplied sterile (gamma irradiated)

SCIOLOGEX disposable Serological Pipets are manufactured from optically clear polystyrene in a class 100,000 clean room. The 1ml, 2ml and 5ml are a one piece construction and the 10ml, 25ml and 50ml pipets are made with a durable ultrasonically welded 3 piece construction.

SCIOLOGEX pipets are printed with bold clear bi-directional graduations and markings. Graduations are calibrated for accurate dispensing to within ±2%. The pipets include color coded stripes for quick volume identification. The upgraded plug is a premium material creating a filter barrier, performing better than standard cotton plugs. All pipets are Gamma irradiation sterilized, RNase-free, DNase-free, DNA-free, and Non-pyrogenic.

Pipets are individually wrapped in sterile, easy to open paper/plastic packaging. Individual wrapped packaging includes color coded print and large volume numerals for quick and easy volume identification. All individually packaged SCIOLOGEX Pipets are packaged in convenient color coded shelf packs that facilitate dispensing through a perforated end panel. Each pipet wrapper includes the lot number. SCIOLOGEX also offers Serological Pipets in a bulk packaging. These pipets are packed 50 per bag in 1 and 2 mL sizes and 25 per bag in 5, 10 and 25mL sizes and 45 per bag in the 50ml size.

Cat. No.	Description	Packaging	Capacity	Graduations	Color code	PackQty	CaseQty
2507631	Pipet 1ml Individually wrapped	Bag	1ml	1/100ml	Yellow	100	800
