

The *Eyedea Worx Walkthrough* will help guide you through getting set up in your account.

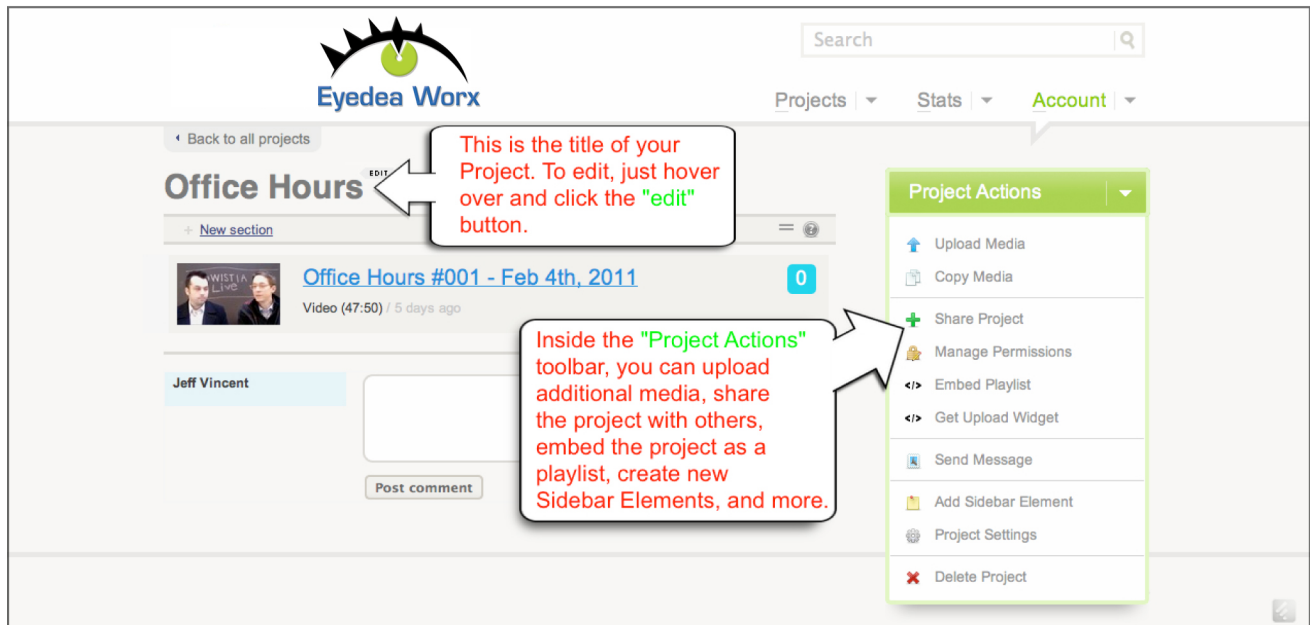

## The Projects Page

The screenshot shows the 'My Projects' page in the Eyedea Worx interface. At the top left is the Eyedea Worx logo. A callout box points to it with the text: 'This is our logo, but you can replace with your own! Update on the "Account Settings" page.' Below the logo is a search bar and navigation links for 'Projects', 'Stats', and 'Account'. The main content area is titled 'My Projects' and features a list of projects. A callout box points to this list with the text: 'These are your projects. Inside, you could deposit media like videos, text docs, and powerpoint decks for access.' The project list includes: 'EyedeaWorx.com Embeds' (19 items, updated 2 hours ago), 'Office Hours' (1 item, updated 23 hours ago), 'Chaptering Example' (1 item, updated 1 day ago), 'Untitled Project' (25 items, updated 4 days ago), and 'Mike Albert Testimonial' (5 items, updated 7 days ago). On the right side, there is an 'Actions' dropdown menu with options 'New Project' and 'Copy Project', and contact information: Phone 800.959.8240 and Email support@wistia.com.

The Projects page is where you land first when you log in to Eyedea Worx. From the Projects page, you can open an existing project, create a new project, or copy a project (for starters).

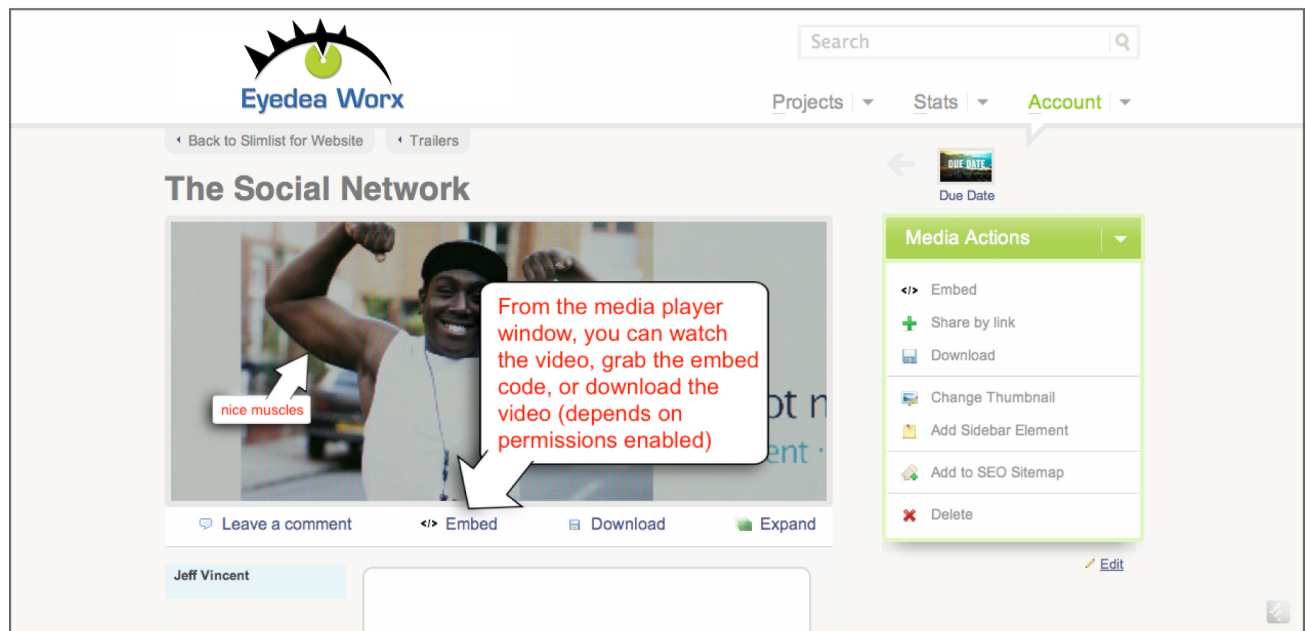

# Inside a Project

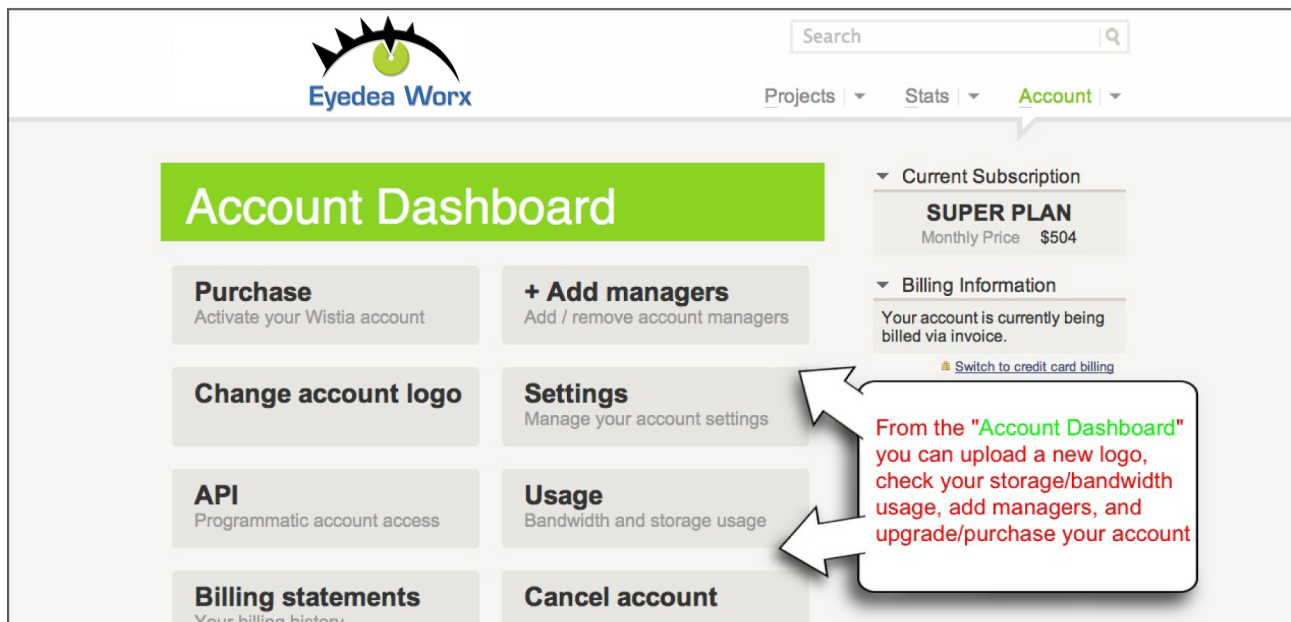

After creating/opening a project, you can change the title, open the individual media inside the project, and leave project level comments. From the project actions, you can do things like copy media, upload new videos, share the project, and embed the project playlist.

# Inside a Media Viewer

From within the media viewer itself, you can watch the video, grab the embed code, or share access to the video directly by link.

# Inside Your Account Settings

The screenshot shows the Eyedea Worx Account Dashboard. At the top, there is a search bar and navigation links for Projects, Stats, and Account. The dashboard is divided into several sections:

- Account Dashboard** (Green header)
- Purchase**: Activate your Wistia account
- + Add managers**: Add / remove account managers
- Change account logo**
- Settings**: Manage your account settings
- API**: Programmatic account access
- Usage**: Bandwidth and storage usage
- Billing statements**: Your billing history
- Cancel account**

On the right side, there is a section for **Current Subscription** showing the **SUPER PLAN** with a monthly price of \$504. Below this is the **Billing Information** section, which states that the account is currently being billed via invoice and includes a link to [Switch to credit card billing](#).

An annotation box with two arrows pointing to the **Change account logo** and **Usage** sections contains the following text:

From the "Account Dashboard" you can upload a new logo, check your storage/bandwidth usage, add managers, and upgrade/purchase your account

Inside the Account Settings page, you can check your monthly usage, add managers to your account, change your account logo, and update your payment information. You can also purchase an account if you are currently trialing.
