

Prox Keypad

NO USER CODES TO REMEMBER!

**Convenient One-Swipe
Security System Control**

Honeywell

Easy-to-Use Portable Protection

Designed for easy, trouble-free use, Honeywell's Prox Keypad lets you control your security system with a single swipe of the proximity tag—simplifying operation while reducing false alarms. It puts security and convenience at your fingertips!

More Convenience

- No user codes to remember—arm and disarm your system with a single swipe
- No more fumbling with codes or blinking lights when carrying young children, packages, briefcases and bookbags
- Compact, lightweight tags travel with family members—slide them onto any key ring to carry with household keys, wallets, backpacks and more

Enhanced Security

- Large, crystal clear display spells out system status and zone information in plain English—providing you with the information you need to react quickly in an emergency
- Audible beeps indicate system status, entry/exit delays and other conditions
- Four one-touch function keys can be programmed to contact the police, fire department or other emergency response personnel

Versatile, Stylish Design

- Attractive white console blends with any décor
- Can be placed on walls or tabletops

Easier Operation

- Simplifies system operation for family members of all ages
- One-swipe arming and disarming
- Keypad features comfortable, soft-touch keys that are labeled with simple commands and backlit for greater nighttime visibility

Honeywell's Prox Keypad is the perfect fit for your busy life—putting convenience at your fingertips and letting you enjoy extra mobility without ever compromising your safety and peace of mind. Ask your security professional for more details today!
