

Ultra Paws® Skijor Gear

For skiing, running or rollerblading with your dog

Ultra Paws has been renowned for cutting edge skijor gear for over 15 years. Our belt design stays firmly in place without cumbersome leg loops, and we're the first to incorporate a patented soft safety release. Our patent pending Adjustable Pulling Harness allows you to easily merchandise a complete package without stocking twenty different size harnesses (see separate product sheet for information).

Ultra Paws® Skijor Hip Belt

Patent 7,284,505B1 Product code 700

"Even while on the ground, with forward pulling forces, the belt stayed in place and did not ride up or slide down. It did not shift left or right but stayed centered when turning corners,"

Jim Benson, President of Midwest Skijorers Club

ULTRA PERFORMANCE

- Five sizes for children through large adults
- Black
- Reflective strips at the back and side straps
- Control handle at the back is handy for beginners or in the race starting chute
- Attach a one or two dog line to the quick-release portion of the Hip Belt
- Ergonomically designed
- Tacky material covers soft padding to hold the belt on your hips
- Heavy-duty snaps on the adjustable waist band
- Patented soft quick-release is designed for the safety of the dog and person
