

Low Profile Design	The V-Rack sticks out less than 4" from the wall! Mounting equipment like this is perfect for applications where space is at a premium.
No Depth Restrictions	The open design allows you to install servers, switches, and other network equipment regardless of depth.
Multiple Uses	Designed to mount to the wall, under a desk or any surface to provide a 19" EIA compliant rail system where needed. Users needing a 4-point mounting system can effectively do so by using two V-Rack systems.
Tapped Rails	Tapped rails are great when mounting small rackmount equipment. This rail style is especially useful for one-time installations.
Part Number	1916-2-101-02
Width	19.25"
Depth	3.89"
Height	6"
Weight	4.00 lbs.
Shipping Dimensions	21" L x 8" W x 6.25" H
Material(s)	CRS (Cold Rolled Steel)
Color/Finish	Black Powder Coated Finish
UPC	879447005523
Warranty	Limited Lifetime Warranty
