

| | |
|---------------------------------------|--|
| Easy Installation | <u>Casters</u> and levelers are preinstalled to allow you to easily move and load your system into the desired location. (Rack <u>hardware</u> not included.) |
| Removable Cable Access Panels | The top of the server cabinet includes removable laser knockouts for cable access and added versatility. |
| Locking, Removable Side Panels | For a completely different look, the side panels are both removable and lockable giving you the option to create the cabinet that best suits your needs. |
| Adjustable Rails | Includes two sets of adjustable, vertical rails which extend to a maximum depth of 24" for versatile mounting options. |
| Secured System | Both doors are equipped with locks to help protect and secure your valuable equipment. |
| Locking Tempered Glass Door | The locking tempered glass door allows installers to easily access and view their network equipment. |
| Locking Vented Door | The locking perforated door promotes better air circulation within the cabinet. This vented design is especially helpful for equipment that generates a lot of heat, such as servers, UPS's, and more. |
| Part Number | 3101-3-024-27 |
| Width | 24" |
| Depth | 27.00" (Useable 24.00") |
| Height | 54.25" |
| Weight | 151.00 lbs. |
| Shipping Dimensions | 32" L x 45" W x 61" H |
| Material(s) | CRS (Cold Rolled Steel) |
