

Built-to-Stock	Our components are built-to-stock, not built-to-order, saving you money. We provide a custom product without the custom price tag.
Numerous Parts for Maximum Use	This LAN station includes two 24" deep shelves, one 30" deep shelf, two side frame kits, one corner support kit, six shelf support kits, and six corner back plates. Each shelf will support up to 850 lbs. and are adjustable in 1" increments.
Quick Assembly Time	Assembly time is less than 30 minutes so there's minimal waiting time to have your Performance Plus® LAN Station up and ready.
Stunning Finish	The White Nebula laminate is accented with black rubber T-molding, which compliments the black powder coat finish of the frame, back plates, and shelf supports. Overall, this LAN station has a sleek and clean finish to compliment any office or IT environment.
