

# Elite Fireplace Facings

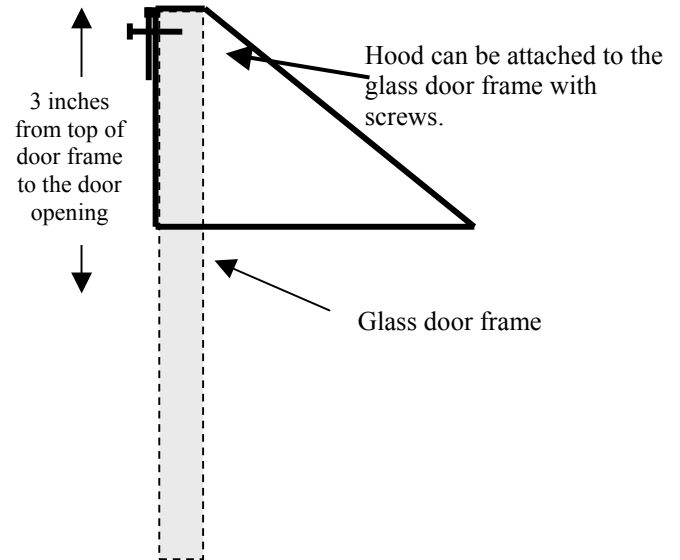

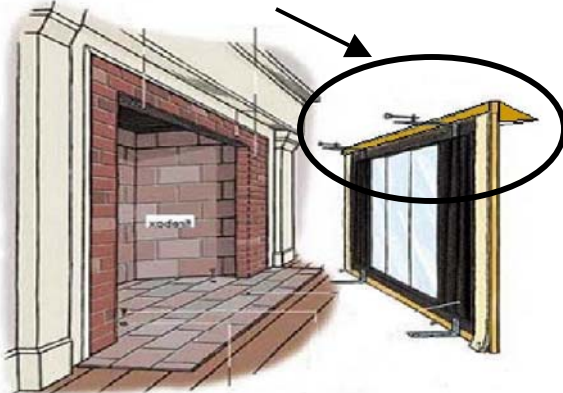

PO Box 16124  
Shawnee Mission, KS 66203

## Installation Instructions for GLH - Glass Door Hood

1. The glass door hood mounts over the glass door frame.
2. There needs to be 3 inches from the top of the glass door frame to the glass door opening.
3. Remove all protective film from the hood.
4. Loosen the glass door so that the hood will slip over and behind the door. Re-tighten glass door once hood is in place.
5. The hood can be permanently attached to the glass door frame using the self-tapping screws included with the hood. You may wish to drill a 1/8" pilot hole in the glass door frame.
6. Wipe hood with a soft polishing cloth to remove any fingerprints.

Hood fits OVER the door frame – then re-install door.
