Why Napoleon®?

Making your life easier... Napoleon's Vent Free Collection is designed to provide you absolute comfort and control at the touch of your fingertips. It's that easy. When you install a Napoleon® vent free gas fireplace or stove, you can rest assured that you will enjoy a lifetime of instant ambiance with reliable performance year after year.

An investment you can count on... Your new Napoleon® vent free gas fireplace or stove adds value to your home while at the same time giving you uncompromising comfort and a reliable heating source. Aside from kitchen and bathroom renovations, fireplaces and stoves add the most return on your home investment.

Create your personal design statement... Surround yourself with a home environment that makes you feel good, relaxed and proud to reflect your decorating style. A multitude of designer options are available to create the exact statement you have been looking for.

No power? No problem!... We all feel vulnerable when the power goes out. Now you can weather out the storm in the comfort of your own home! A Napoleon® vent free gas fireplace or stove requires no electricity to light or operate, a built-in millivolt system or electronic ignition with battery back-up ensures reliability even during power failures.

Beautiful fires, best flame in the industry... With advanced burner technology and innovative design, Napoleon's YELLOW DANCING FLAMES® are so realistic it's hard to tell the difference from a real wood burning fire.

Authorized dealer support network... With over 3,000 reputable authorized dealers across North America, Napoleon® works hard to provide professional, consistent training and technical education to support our dedicated team of professionals.

Outstanding reliable warranty... Each and every Napoleon® fireplace product is designed and manufactured to strict quality testing standards and backed by the President's Limited Lifetime Warranty, guaranteed to give you the peace of mind you deserve. Napoleon® is registered under the world recognized ISO 9001-2008 quality system.

GVFT8 - Torch™

Slim Modern Design

An ultra modern vent free fireplace with a slim design featuring a reflective, prism shaped firebox. Napoleon's GVFT8 features a Torch™ burner complete with decorative glass embers, heat resistant glass and MIRRO-FLAME™ Porcelain Reflective Radiant Panels. Ideal for new construction and renovation projects, the Torch™ can be installed in hallways, entranceways, bathrooms, bedrooms, offices and spas.

WHVF31 - Plazmafire™

Easy Installation

Ideal for modern and contemporary rooms, Napoleon's WHVF31 Plazmafire™ features easy installation plus all of the conveniences of a vent free gas fireplace. Virtually endless installation possibilities, it's almost as easy as hanging a picture on the wall. With an impressive 30" x 15" viewing area Napoleon's Plazmafire™ is a great addition and focal point to any room. Catalytic tiles come standard and perform as a "filter" reducing and removing combustion by-products. The Plazmafire™ comes standard with a Topaz CRYSTALINE™ ember bed and a slate brick panel that adds to the modern look!

Outstanding Features

of Napoleon's Advanced Technology

Advanced Burner Technology

Napoleon's sophisticated burner system offers superior flame technology. Strategically placed burner ports create the most realistic flames in the industry.

Finely Tuned Precision Valves

Surrounded with a protective cast aluminum jacket, the precision valves allow for ultimate reliability and 100% SAFE GUARD[®] gas control system. Vent free models come complete with an Oxygen Depletion Sensor (ODS) for your piece of mind.

No Power? No Problem!

No electricity required to light or operate. Reliable heat even during power failures.

Exclusive PHAZER[®] Logs

Napoleon's exclusive PHAZER[®] logs create a natural wood fire appearance.

Heat Circulating Blower System

The extreme heat resistant "H" class bearings featured in Napoleon's superior heat circulating blower, creates a lasting "whole home" comfort with adjustable high & low speeds.
